

Patrick Jacobs

Vice President, Sales & Marketing

Patrick Jacobs is a graduate of Michigan State University, School of Natural Resources. Patrick joined Heath Consultants in 2007, starting out as a Field Service Project Manager and quickly transitioned into a new role as a Sales Consultant. Patrick's success in that role is what got him promoted to National Sales Director, and now his current position as Vice President of Sales and Marketing. His responsibilities include directing Heath's domestic sales team and international sales, collaborating with the executive and engineering teams on new product development, marketing, customer service, and instrument repair.

Prior to joining Heath Consultants, he successfully ran and grew his family-owned landscape/construction company as President. The entrepreneurial experience and the leadership skills he refined by growing and overseeing the day-to-day operations and finances of his company have given him valuable perspective in executing his executive duties at Heath.
